Dog Licenses Were Due Jan. 1; Town Officials Visit Vt. Sewer Plants
 Residents are reminded that dog licenses were due on Jan. 1, 1979. A current rabies certificate is required to obtain the license and the fees are \$2 for males and spayed females and \$6 for unspayed females. On Wednesday, Jan. 24, Selectmen Stanley Howe and Arlan Jodrey along with Manager Norman Ness and Treatment Plant Operator Paul Judkins visited Sewer Treatment Plants in Morrisville and Enosburg Falls, Vt. The visits were made to enable municipal officials to see in operation different methods of treating sewerage being used by communities similar in size to Bethel. These alternative methods are being considered by the Selectmen in planning for necessary upgrade of the local Treatment Plant. Nomination papers are available at the Town Office for individuals interested in seeking municipal office in 1979. Positions to be filled in 1979 include one (1) Selectman for a three year term, one (1) Assessor for a three year term, and two (2) School Directors for three year terms. Nomination papers must be completed and returned to Town Clerk Merton Brown by the close of business on Monday, Feb. 26. The municipal election will be held on Monday, March 19, and the Annual Town Meeting will be held Tuesday evening, March 20. The Board of Assessors met on Monday evening, Feb. 5, to act on routine business and continue work on the 1979 property changes. The Assessors will hold their

ICE FISHING DERBY EXPECTED TO DRAW AS MANY PRANKS AS FISH
 On Sunday, Feb. 18, Bethel area fishermen can hook their first legal entry in the local ice fishing derby—part of the Bethel Recreational Area Winter Carnival. Stan Fox, local barber and fishing authority for the Chamber of Commerce, is looking forward to weighing in some potential prize catches when he opens for business on Monday morning, even though it is the official George Washington Birthday holiday. He will be on the lookout, however, for any manmade additions to the fish's naturally acquired poundage. Stan recalls one instance when an Atlantic salmon was shown to him by a local fisherman who claimed the fish came from Lake Christopher in Bryant Pond. Another time, Stan himself admits that he got caught passing off some trout which he had kept frozen for some time, as recently caught fish. Therefore, Stan plans to be extra critical of any prize claims from some of his fishing friends. As an added incentive, the eventual winner's trophy will be on display in Fox's Barber Shop the

BETHEL CHAMBER MEETS —OFFICERS ELECTED AND BUDGET APPROVED
 The Greater Bethel Chamber of Commerce conducted its annual meeting on Wednesday, Jan. 31, at the Norseman Inn. Well attended in spite of continuing snowfall, the meeting was marked by a relaxed atmosphere and a consensus as to what should be the Chamber's directions for the coming year. Gordon Gillies, a Bethel attorney, was elected to position of first vice president, otherwise, the 1978 slate of officers was re-elected. Mr. Gillies' election adds a significant element to the board of chamber officers as he is expected to represent the views of the Bethel area professionals. Besides Gillies, the 1979 officers are: president, Donald Bennett, second vice president, John E. Grover; secretary, Norma Jodrey, and treasurer, Louise Jodrey. A budget of \$4,490 was approved; however it is expected that \$1,350 of that amount must be raised through additional membership. continued on Page Four

Northwest Bethel

— Clarice Gibson, Corres. —
The groundhog saw his shadow and so this means six more weeks of winter. With the wind today, Monday, it certainly feels like winter. We did however, have a beautiful week end. One person told me it is the first time in 11 weeks that both Saturday and Sunday were sunny. This brought out the snowmobilers and skiers in great numbers. Sunday afternoon Ira, I and my sister, Iva, took George to catch the plane out of Portland jetport. Norway Lake had many snowmobiles as I was told they were having a fishing derby that day. When we got to the lake before Poland Spring House, this too had its share of snowmachines.

Wednesday was another day of no school and George walked up to see his brother, Frank III and family in Newry trailer park. They brought him back Thursday and left Tinker and Karen with me while they went shopping.

Mrs. Pat Anderson and two boys went to Lake Winnepesaukee, N. H. to visit her friend Sandy Smith from Friday to Sunday for a week end of skiing and sliding.

Eric had just slid down a slope when someone else slid down behind him and hit Eric's head with

the metal runner. They had to take Eric to the hospital for eight stitches in the top of his head.

Mrs. Macki Chapman took Pat Anderson to Stephens Memorial Hospital Monday where Pat was to have surgery Tuesday.

Mr. and Mrs. Ernest Angevine went to Dixfield nursing home on Sunday to visit her mother, Mrs. Rena Abbott.

Mrs. Sylvia Benson took her mother, Mrs. Alice Foss, of Hebron, to C.M.M.C., Lewiston, to visit relatives Friday.

Mr. and Mrs. Dick Angevine had to call out the Bethel Fire Dept. Saturday for a bad chimney fire, and were very pleased at the promptness of the response. Before the fire Dick and Sue and Kristy had gone to the Odd Fellows supper in Bethel.

Mr. and Mrs. Frank Benson went to West Peru to visit his sister, Mrs. Gladys Easter.

Mrs. Sylvia Benson took Joan Coolidge to Norway, Wednesday, and Mrs. Barbara MacDougall took Joan to Bethel Friday.

Mr. and Mrs. Lester Butters went to Lovell Saturday to visit Mrs. Marion Rodgers and had as Sunday supper guests, Mr. and Mrs. Chester Hayes and Ethel Elliott of Shelburne, N. H.

Monday, Jan. 29, Mr. and Mrs. Leslie Lapham had Don Varney of Winthrop as a visitor. Mr. Varney moved from Bethel last year.

Saturday the Laphams had Mrs. Alice Howard as a visitor. Mrs. Howard used to be a resident of this town.

Mr. and Mrs. Stanley Brown had as Friday evening dinner guests The Theatre Group of Bryant Pond. They were Gordon Talley, Marsha Stackman and Peter Crockett.

Mr. and Mrs. John Laban's family all took advantage of Sunday's good weather to go skiing at Sunday River.

Charles Mason, Jr., will be going to Togus Thursday for his checkup.

Sunday on the way to the jetport we had dinner with my folks Mr. and Mrs. George Allen, Norway. Frank stayed with my folks while we took George down.

If anyone goes over to Hunt's Corner to get to Norway, be careful when you get to the Waterford line; as the road doesn't look as though it had any sand on it.

Happiness or unhappiness depends more on the way we meet events than on the nature of those events themselves.

STATE OF MAINE

HOUSE OF REPRESENTATIVES
Karen L. Brown

A resolution to require Congress to approve a Constitutional Amendment mandating a balanced federal budget was tabled by the Legislative Council until Feb. 6. The measure stirred a heated debate between party lines among leadership, but Republicans were unable to obtain the necessary cooperation to bring the resolution to the House and Senate floors for open debate.

I feel this measure could possibly be a solution to the \$1 billion weekly interest payments made on our national debt. A major reason that our federal government is now spending about \$29 billion more each year than it takes in is because of the support for every conceivable social welfare program that has been created. The end result of government overspending is inflation, which is the cruellest hidden tax on our workers and the elderly living on fixed incomes.

My first legislation to be scheduled for a public hearing will be on Feb. 13 before the Local and County Government Committee. This legislation is concerned with the County Commissioners powers to spend County funds. This legislation has come from my reviewing the past three county budgets, and finding that the County is mandated to pay agencies receiving county funds even if fraud was uncovered. This legislation will give the County Commissioners discretionary power to review grants and agencies on a quarterly basis as the county funds are paid.

Do You Really Own Land?

Do you really own the land you live on? Yes, but not unconditionally. There's no question that you, your family, and heirs have strong historic rights to your own land. You can build on it, dig in it, keep others away from it, sell it, give it away, or borrow on it.

But your rights do not override certain public rights. A utility company may buy rights-of-way for power lines. The telephone company may have the right to a five-foot easement for poles along your backlot line. Similar easements are purchased or granted for local electric power lines, underground sewer piping, natural

gas lines, and water supply piping.

You should know all about all easements, rights and claims made on your land while you are living on it. This is the reason for a title search prior to purchase. When it's completed, you'll know if your title to the property is, or is not, free and clear of all "encumbrances" and, if not, what they are.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2578. We're here to help!

BETHEL CHAMBER MEETS

continued from Page One
ships, sale of advertising for
chamber brochures and fees for
services. The Chamber should have
a business membership roll of
over 100 compared to only 49 in
1978, according to the president.

Budget highlights included the
following: Up to \$500 will be al-
located for support of the Maine
Publicity Bureau. This amount in-
cluding 1979 membership dues and
the balance for a matching fund
pledge for Bureau operations. It
was noted that whatever amount
is pledged by Bethel will result
in an equal amount of state ap-
propriated funds being released
to the Bureau.

An updated "Bethel brochure"

was approved and a \$10 charge for
each business listing will be as-
sessed in the form of a pledge so
that the brochure can not only be
funded but prepared in a timely
manner as well. The total amount
budgeted for this item was \$500.

An amount of \$480 was allocat-
ed for continuing tourist informa-
tion brochures including a summer
edition of the Lodgings and Rest-
aurants guide. Additionally the
Chamber proposes to issue two-
new brochures this year—one about
Grafton Notch State Park and
another about local canoeing.

The major undertaking which
is at this time unfunded within
the budget is the establishment of
at least two more unmanned in-
formation centers. The members
were told that approval had been
requested from the Maine Depart-
ment of Transportation to put up
a center in each of three roadside
parking areas in Gilead, Bethel, and
Greenwood. The proposed centers
will be very similar to the one
located at the Gem Shop.

Other discussion included hear-
ing about new business develop-
ments and how we in the Bethel
area can direct the attention of
potential vacationers from coastal
areas to this section of the state.
Gordon Talley of Bryant Pond,
previously associated with a the-
atrical company, explained the
goals of his recently established
advertising agency and that his
agency's services might be in de-
mand by area businesses seek-
ing a brochure of their own or re-
vising an existing one. Lyn Bristol
also spoke about the addition of a
"Bookworm" section of second-
hand books at the Warehouse on
Railroad Street.

In response to a question about
what could be done to promote
Bethel as an alternative to vaca-
tioning in coastal Maine, the pres-
ident noted that three activities
that were either underway or pro-
posed for 1979 aimed at just this
situation. First, Bethel Chamber is
actively seeking a state operated
information booth for the Bethel
area to influence more travelers,
coming into Maine from the west
on US Route 2, to stay and look
over the Bethel area. Secondly,
the Chamber will continue mailing
brochures and an introductory let-
ter to travel agencies and large
businesses located in the Boston,
Hartford and Portland areas where
most of Maine's vacationers come
from. And, thirdly, the 1979 bud-
get provides for \$250, as officers'
expenses plus another \$150 for
"other advertising" to be used as
time permits for travel to key lo-
cations where Bethel area infor-
mation materials can be left with
travel agencies, tourist information
centers and vacation service offices
of large companies.

Stanley Howe, Director of the
Bethel Historical Society pointed
out that in 1981 Bethel will be
celebrating the bi-centennial of
New England's last Indian raid,
which occurred in the Bethel area.
Howe noted that the celebration
in 1981 is remembered as the most
spectacular commemorative event
in Bethel's history and that mem-
bers should be thinking about
plans for 1981.

The next scheduled meeting
will be in June and it will be the
annual Citizens Award banquet.
Mrs. Barbara D. Brown, the Exec-
utive Committee member responsi-
ble for public relations will orga-
nize this meeting. Selection and
meeting of the full executive
committee is planned for later in
the spring.

SOCIETY HEARS HIGHLIGHTS OF MAIN STREET HISTORY

Highlights of Main Street His-
tory was the featured topic at the
monthly meeting of the Bethel
Historical Society held last Thurs-
day evening in the meeting room
of the Dr. Moses Mason House
with nearly 60 in attendance. Slides
of old Main Street photographs
and advertising were shown by
Society Director Stanley Howe and
Mrs. Rosalind Chapman of the Ed-
ucation and Research Committee
told amusing and interesting anec-
dotes that she had learned while
researching Main Street history
with the late Eva Bean.

The origins of Main Street go
back to about 1861 but the right
of way (3 1/2 rods wide) was not
fully established until 1869. Pho-

tographs shown of the street rang-
ed in time from the Civil War era
through the 1960's. Many busi-
nesses have disappeared, houses been
removed and buildings razed and
burned, but throughout the years
the street has been essential to
the commercial and residential
life of the town.

Among the businesses that have
disappeared are Whitney's Monu-
ments (now Martha's), Barker's
Liquor Agency (now Mothers'),
and Ham's Grain Mill (now Bethel
Spa Motel). Prominent Main Street
residents of past include J. U.
Purinton (now residence of Grace
Marshall), Judge Enoch Woodbury
(Sudbury Inn) and Dr. I. W. Wright
(O'Donnell residence). A full sur-
vey of the 50 sites on Main Street
is forthcoming in the Society's
latest newsletter.

Mrs. Arline Bernier, Corres. — A warm, sunny week end was a welcome change from the heavy cloud cover and dark days we'd had for so long. Monday arrived very cold and windy and partly sunny.

Andre, Flossie, Ryan, Danielle, and Jerry Bernier arrived Saturday for the week end. Sunday, Mike and Laurie Bergeron, Lucien, Eric and Arthur Bernier, Joe and Penny Bernier, Kelly and Vicky Planders, Juanita, Alan, Scott, Dale and Bruce Korhonen joined the party to observe birthdays and wedding anniversaries for several qualifying during January and February. A few gifts were exchanged.

The town truck is stuck on Back Street, where it broke down on its maiden trip after some extensive and expensive repairs. Dick Douglass and Carlton Eames have been wangling and plowing town roads.

Errol Extension has scheduled a class in making fabric flowers next Monday.

Our pet rabbit who lived under the steps became a tasty lunch for some lucky four footed hunter. He was doubly lucky because we didn't know about it until we read it in the new fallen snow.

The snow has been piling up on the roofs lately and shovels are much in use. Dogs which are penned up find it easier to escape as the snow build up brings them closer to the top. Mae Goodrum borrowed a chain to help her with this problem until she can find a better solution.

CARD OF THANKS
I wish to express my sincere thanks to my kind friends and neighbors, the Locke Mills Union Church, and especially the Ladies Circle, and neighbors along the East Bethel Road for the more than bountiful "Sunshine boxes" and the cards sent to me and the cheerful visits paid to me during my shut-in days.

These kindnesses are all very gratefully appreciated.

HUNT'S CORNER AND VICINITY
Kathy Bennett, Corres. — The wind is blowing so hard here this morning that I expect to land in North Waterford any minute!

The temperature is only slightly above zero. Think what the wind chill factor must be!

Albert and Elma McAllister called on their daughter, Alberta White and family on Sunday.

Mahlon Grover called at the Wardwell farm on Sunday.

Callers at the Barton farm last week were Don and Joan Leino and children, Billy and Yvonne Robinson and girls, as well as Luke, Dick and I and the boys.

Sunday Frank Barton Sr., Roger and Yvette Barton and girls and Michelle Parsons joined the rest of the Barton family at the farm for a birthday party for Franklin and Brett.

June Imman was guest of honor at a surprise baby shower on Sunday afternoon at the home of her sister-in-law, Mrs. Terry Howard.

A three tier shower cake decorated in green and yellow was made by Mrs. Barbara Imman. June received many lovely gifts. Relatives and friends attending were from Albany, Andover, Bethel and Norway.

I've just about decided that we should have called this place Windy Acres instead of K-D's Acres. Just been wondering how I am going to get to the mailbox without blowing away!

David, Danny and Douglas Bennett spent the week end visiting their grandparents, Mr. and Mrs. L. Q. Twitchell and their great aunt and uncle, Kay and Roydon Billings.

Saturday Dick and I went shopping in Norway, called on Wagon Cairns and Gus and Polly McAllister in North Waterford. Saturday evening Phyllis and Sonny Blake joined us and went to a dance in Poland. Charles Gilliam

WEST BETHEL Children's Center

Gladya Kilgore, Corres. — Brrr... old man winter certainly has a firm grip on the outdoors now — but indoors the children are keeping warm and their spirits high with lots of good activities and games. This week they are planting (yes, you read right, spring is just around the corner) bean seeds, doing lots of painting (great for chasing winter blues away), splashing in the water table (with visions of bigger splashing this summer), doing more "body" work with hand and feet prints, creating with play dough, and having lots of fun in dramatics with finger puppets. The staff has been doing cooking activities with the children. They made a salad with produce bought at the IGA. Thank you to Mr. Spooner for a great tour.

A special thank you to Ann Bishop and Helen Manjourides for their help in the class room this week.

The Coastliners played. (for Mrs. T. the group has three electric guitars and a drummer).

Sunday evening we had dinner at my folks to celebrate my birthday.

Report cards came out yesterday and I want to congratulate all the Albany kids on the honor roll.

Better put bricks in your boots so you can remain upright in the gales!

Mrs. Colista Morgan, Corres. — I raised the curtain this morning and there were the clouds with bright red hanging in the east. Above were more layers of cloud gray, some golden, touch fire. They floated peace the pale blue sky.

Rain or clouds, sun or dew, I like to say, "Good morning, Day, to you."

The hills stood dark against brightness. They were snow rounded in outline. In a shaft the sun looked over the its brightness ran down the sides; lighting first just then the whole slope.

Snow during the night had edged the driveway; some edges this time.

Early afternoon I took my snowshoes from their log and went out. The wind was

SUNDAY BY CHANCE OR APPOINTMENT

Greenwood City

Mrs. Colista Morgan, Corres.

I raised the curtain this morning and there were the fiery clouds with bright red fingers hanging in the east. Above, there were more layers of clouds; some gray, some golden, touched with fire. They floated peacefully in the pale blue sky.

Rain or clouds, sun or snow or dew, I like to say, "Good morning, Day, to you."

The hills stood dark against the brightness. They were smooth and rounded in outline. In a short time the sun looked over the top and its brightness ran down the hill-sides; lighting first just a little then the whole slope.

Snow during the night had choked the driveway; some eight inches this time.

Early afternoon I took down my snowshoes from their long rest and went out. The wind was blow-

ing. I could see the snow smoking down the pond, coming from the north west. I knew that I was somewhat out of the swing of webbed feet so took an easy route through the Bulldozer Road.

All the hemlocks were mounded over with snow. I paused to tap the branches and to see them shed their coats and rise to normal positions.

Looking back toward the house I could see the blue-tinged smoke flowing away from the chimney. Sheltered here among the trees; I did not get the wind or blowing snow which was streaming in the openings.

A lone gray squirrel bounded away downhill from the path ahead of me; its feet silent on the soft snow. It was soon lost among the snow-clung branches, held there by some invisible magic. In the beauty all around I stood hypnotized by new, yet familiar white.

This was the only animal that I saw today.

I did, however, see little piles of shell fragments of acorns or discarded pine cone scales where the red and gray squirrels had been picnicking.

The only bird voice that I heard was the "Yank! Yank!" of the nut-hatch.

The snow capped fence posts punctuated the sprawling fields; the farm house nestled under thick comforters of snow, soft as eider-down.

I had crossed a fence and turned right where I could view the valley. I found a snug corner, sheltered from the wind and looked about. Were there any wood-chuck holes? I remembered seeing several on this section last fall. I was little concerned with the old saying that if the groundhog sees its shadow on February second there will be six weeks more of

winter. I believe we will anyway. In the distance were the mountains with icy stocking caps, forever old but always new, reaching ever upward.

"Mighty mountain, proud snowy head reared above the highest spruce rim

Into the cold-mist of heaven and time.

Gathers to itself the last moments of day to bathe the slope

Toward the sinking sun in breath-taking roseate light

Fading all too soon to gray and a memory of glory."

—Carol Knauth
Now I decided that I had been far enough for today so leaving the winding ribbon of packed snow behind me I again crossed the fence and went down the trail toward home.

At length I reached the end of the road from which I could look down the valley, and beyond to the gentle ridges where the growth

of forest darkened the sky. Then I turned right by the wood shed, removing my webs and closed my walk.

The sun was still playing in and out among the clouds.

With the feeling of relaxation I settled down to finish a book.

Etta Morris had the Club Eight at her home on Tuesday afternoon. Only six of us there this week as the driving wasn't good so Ruth Hastings didn't come and Helen Chojnacki wasn't able to be there.

The hostess gift was won by me, a surprise.

Carol and Lettie Brooks called to visit with us for a while on Saturday afternoon.

On Sunday evening we had dinner with the Holts. It was Ann's birthday. A lovely visit, delicious dinner, and a call from David who talked with us.

HALL-DATE DEFEATS TELSTAR 79-67; SEAMES SETS SCORING RECORD FOR TELSTAR

Bob Seames of host Telstar went over the school record in scoring during the fourth period of Tuesday's game but Hall-Dale conquered the Rebels 79-67 in a Mountain Valley Conference basketball rivalry. Seames took his career mark to 658 with a 24-point night, ten points above the previous Telstar high.

The foul-filled contest found Hall-Dale skipping out ahead by wide early margins but Telstar drawing close with a 23-16 pick-up in the third quarter that left the clubs only eight apart. In the final period the game was stopped and Seames presented the ball when he exceeded the old Telstar scoring standard. Upon resumption Hall-Dale clicked off a 27-23 gain to account for the final margin.

NEED FOR COMMUNITY ROOM

continued from Page One

organization in whose space they are meeting and an address by a speaker, or a slide presentation. Mrs. Faudi said there is no doubt that the group has been "catered to" in the past, but they now feel the need for a place of their own to work continuously on projects that will benefit the community. She feels a well-equipped, centrally located community room would be utilized by the senior citizens five days a week. A community room would give the group a new stimulus, and result not only in increased members but in the opportunity to do a lot more for the town. Besides providing a needed continuity of program for her group, such a facility could be of great importance to other groups as well. She particularly noted the need of young people for meeting and recreation space.

Ruth Feeney, director of the Bethel Nutrition Program sponsored by Western Older Citizens, spoke about her program's needs for facilities as well. Presently, Western Older Citizens provides mid-day Meals three days a week, serving approximately 60 senior citizens in the Methodist Church dining room on Main Street. Her program could reach more people who need it if it could be carried out in a large central facility.

Both Mrs. Faudi and Mrs. Feeney spoke about the importance of providing a varied program of activity for senior citizens. While the great majority of senior citizens are women, there is also a need to provide a meeting place for men who have retired, but who feel the urge to be engaged in activity that benefits the community.

The committee discussed with the senior citizens a number of possible sites for meeting. Besides having a central location, such a facility would have to be large enough to accommodate over 100 people easily, with an adequate kitchen. A large space would also permit activities such as dance and exercise. Secure storage space should be provided, and the building would have to be easily accessible. Parking space for 30 to 35 cars would be needed.

Ronald Stevens, a member of the committee, noted that when the new fire station was built, the original plans provided space for a community room, to replace the facilities the old fire station had, and town offices. It was the decision of the 1965 annual town meeting to construct the fire station only.

Another concern voiced at the meeting was for the continued

TELSTAR BOYS LEAD AFTER MVC ALPINE EVENTS

Telstar and Livermore Falls ran one-two, well ahead of the rest of the field, after the boys' alpine events of the MVC Ski Meet held Friday at Sunday River.

Telstar's two event total is 195.41, having won both events. Livermore Falls is next at 194.21, having finished second in both. Following the Rebels and Andies are Leavitt at 179.38, Maranacook 179.02, Jay 176.45, Mt. Abram 175.53 and Mexico 164.38.

John Carville of Mt. Abram won the giant slalom while Doug Fuller of Livermore Falls took the slalom. Fuller was sixth in giant slalom.

Summaries:

Giant Slalom: 1. John Carville (MA), 46.32; 2. Rick Knowlton (LF), 46.47; 3. Rick Chase (T), 47.16; 4. Steve Cross (T), 47.23; 5. Jerry Hutchinson (J), 47.63; 6. Doug Fuller (LF), 47.83; 7. Mike Rosenberg (T), 48.23; 8. Mickey Forbes (LF), 48.36; 9. Cam Myers (T), 48.50; 10. Ron Gifford (Maran), 48.86.

Slalom: 1. Doug Fuller (LF), 68.42; Ron Gifford (Maran), 69.79; 3. Jerry Hutchinson (J), 71.18; 4. Mike Rosenberg (T), 71.48; 5. Steve Cross (T), 71.90; 6. Rick Chase (T), 71.91; 7. Mickey Forbes (LF), 72.77; 8. Nate Mills (T), 72.86; 9. Mike Pillsbury (L), 74.03; 10. Rick Couture (LF), 74.16.

provision of transportation for the senior citizens of the town. At present, Western Maine Transportation, associated with Western Older Citizens, provides transportation for senior citizens who do not drive, taking them on shopping trips and to important appointments. The significance of this service to an active life for the senior citizens of the town was stressed.

The committee will meet later this month with the Bethel Recreation Board, to talk about the town's needs for recreation facilities. They plan to meet with representatives of several other groups as well. They are extremely interested to have the views of citizens concerning the town's needs, and will make every effort to provide meeting time for anyone who wishes to talk with them. Persons wishing to meet with the committee should call George Allen, staff assistant, at the Town Office.

The committee's next meeting will be held at Town Office on Monday, Feb. 12, at 7 p. m.
